PROFILE

ESRC-funded PhD researcher in Psychology (Birkbeck, University of London) with a strong track record bridging organisational/clinical psychology and data-driven insight. Published author and conference presenter focused on work addiction, burnout, health and wellbeing, with expertise in psychometrics, survey design (Qualtrics) and advanced quantitative methods (R, SPSS, ML/SEM).

Former JPMorgan Chase professional with extensive experience in project/change management and global finance operations, known for driving process improvement, stakeholder alignment and delivery in complex, regulated environments. Bringing a rare blend of research rigour and industry execution to people analytics, organisational research and evidence-based programme design.
